

CONFIDENTIAL CLIENT REPORT

Big City Furniture Growth Audit

A conversion, local SEO, and paid-media growth plan for a physical furniture showroom with a Shopify ecommerce catalog.

WEBSITE

www.bigcityfurniturestore.com

LOCATION

3010 Two Notch Road, Columbia, SC 29204

PHONE

803-500-0101

BUSINESS TYPE

Physical furniture store + Shopify ecommerce

AUDIT DATE

August 14, 2026

CATALOG SNAPSHOT

~6,628 products · 123 collections

How to use this report

Findings are based on the live storefront, Shopify JSON, on-page schema, and public local-market information. Priority labels mark what to do first.

- 01 Executive summary
- 02 Business snapshot
- 03 CRO audit — homepage, journey, product pages, checkout
- 04 Local SEO & Google Business Profile
- 05 Google Ads strategy
- 06 Meta Ads strategy
- 07 Competitor & market opportunities
- 08 90-day action plan & KPIs

6	50	150
Revenue leaks ranked by impact	Prioritized actions across 90 days	Hero SKUs to merchandise first

Priority key. **HIGH** do in the next 0–30 days or it is leaking revenue now. **MEDIUM** build in 30–90 days. **LOW** longer-term advantage after the foundation is in place.

Executive summary

Big City Furniture has a real commercial foundation: a Columbia, SC showroom on Two Notch Road, a large wholesale catalog (ACME, Foagroup, Sealy, Tempur-Pedic), Synchrony financing, and Shop Pay. That combination can win store visits, financed tickets, and shipped orders.

The site is not converting that foundation. It currently reads like a **manufacturer catalog uploaded to Shopify**, not like a trusted local furniture retailer. Shoppers cannot quickly tell who you are, where you are, why they should buy here, what delivery costs, whether they can sit on the sofa in-store, or what happens if the piece does not fit.

Win Columbia–Midlands first. Then scale ecommerce on a cleaned subset of best sellers — not the raw 6,600-SKU dump.

Showroom + local delivery + financing + Sealy/Tempur, then photography, dimensions, and delivery promises on ~150 hero products.

Biggest leaks, in order of revenue impact

01 · TRUST HIGH

Homepage testimonials look generic. The Contact page still shows Shopify placeholder copy. Product pages have leftover theme text. There is no review app, no Google rating on-site, and almost no local proof.

02 · INVISIBLE STORE HIGH

The homepage never leads with Columbia / Two Notch / “visit the showroom.” There is no map, no store photos, no “see it in person” CTA, and no LocalBusiness schema.

03 · PRODUCT PAGES HIGH

Titles are SKUs (*Safi Sofa LV00216*). Descriptions are wholesale bullets (*Foam Density: D28*). Dimensions, delivery, financing, and related pieces are missing. Shipping is “calculated at checkout.”

04 · CATALOG IA HIGH

/collections/all has 0 products. Duplicate and “Copy” collections are live. The Sofas collection includes sofa tables. 122 of 123 collections have empty SEO descriptions.

05 · POLICIES HIGH

Returns must start within 2 days of delivery, with a 15–20% restocking fee. Mattresses are non-returnable. Hours conflict. Financing copy tells approved customers to visit the store.

06 · PAID MEDIA MEDIUM

Shopping ads on 6,600 SKU-titled ACME products will get poor quality scores and likely Merchant Center issues. Meta catalog ads will look the same until the feed is cleaned.

Business snapshot

What we verified on the live site as of August 14, 2026.

Item	Finding
Platform	Shopify (Shop ID path /76172230873)
Payments advertised	Visa, Mastercard, Amex, Discover, PayPal, Apple Pay, Google Pay, Shop Pay
Financing	Synchrony apply link in the announcement bar
Brands claimed	ACME Furniture, Foagroup, Tempur-Pedic, Sealy, Big City Furniture collection
Catalog mix sampled	Heavy ACME + Foagroup; Sealy mattresses present
Hours (homepage bar)	Mon–Sat 10am–7pm
Hours (policies)	Mon–Sat 10:00 AM–8:00 PM
Sunday	Closed (not stated clearly on homepage)
Shipping claim (FAQ)	Most in-stock items ship 3–7 business days
Shipping claim (policy)	Standard delivery 7–14 business days after 1–3 day processing
White glove	Mentioned on /pages/shipping-policy only — not on product pages
Blog	/blogs/news is empty
Social in schema	Facebook + Instagram URLs present; other sameAs fields are blank
Directory conflict	Third-party listing for “Big City Furniture LLC” at 9005 Two Notch Rd #0184 with different hours
Legal entity	Division of Glory Movement LLC (from Terms)

CRO audit

First impression, customer journey, product pages, and checkout. This is where furniture tickets are won or lost.

3.1 First impression & homepage

Verdict: weak for a high-ticket furniture purchase. A first-time visitor sees a modern Shopify storefront, a financing strip, and category tiles. They do not see a Columbia showroom, years in business, a Google rating, real customer photos, staff, or a reason to choose Big City over Ashley, Rooms To Go, Havertys, or Wayfair.

TRUST DAMAGE ON THE LIVE SITE

- **Contact page still contains Shopify's default line:** "Share information about your brand with your customers..." This signals an unfinished store.
- **About Us grammar error:** "Thank you for allowing you to serve you!" Phone/email blocks also repeat many times and look broken.
- **Footer English is awkward:** "Fast and reliable shipping on all US order." / "PAYMENT SECURE."
- **Homepage reviews are first-name + last-initial only** (Sarah M., James T, Amina K., David R., Priya N., Michael B.) with no product, date, photo, or Google link. If they are not tied to real orders, they should come down immediately.

ABOVE THE FOLD

Current fold: announcement ("Shop Now Pay over Time" + hours) and a hero slideshow ("Trendy & Modern" / "Upgrade Your Home Today" / "Elevate Your Living Space"). The value proposition is interchangeable with any furniture URL. There is no city, showroom, offer, phone, or commercial incentive.

Recommended fold HIGH

Columbia's furniture showroom — shop in-store or delivered.

Sofas, bedroom sets, dining, mattresses (Sealy & Tempur-Pedic). Synchrony financing. White-glove delivery available.

[Shop living rooms] [Get pre-qualified] [Get directions — 3010 Two Notch Rd]

VALUE PROPOSITION

The site never answers the three questions furniture shoppers ask in the first five seconds:

1. **Is this a real store I can visit?** Yes — but you hide it.
2. **Do you deliver / assemble / finance?** Partly — scattered across FAQ and a second shipping page.
3. **Why not Ashley or Wayfair?** 30+ years, local showroom, brand mattresses, Synchrony, white glove — none of this is packaged.

“Modern • Stylish • Built to Last” and “Top-tier quality” are adjectives, not a proposition. Test: *Midlands furniture showroom with nationwide shipping*, proved by Sealy/Tempur, ACME/Foagroup breadth, Synchrony, and local white glove. Offer free local delivery over \$X or as low as \$XX/month.

CTA PLACEMENT

Location	Current CTA	Issue	Priority
Announcement bar	Shop Now / Pay over Time	“Shop Now” is vague; financing is the better CTA	HIGH
Hero	Weak / slogan-led	Needs Shop + Visit / Finance	HIGH
Category tiles	Implicit click	Keep, but fix “Dinning”	HIGH
Product cards	Add to cart	Dangerous on \$2,000+ items with no dimensions	MEDIUM
PDP sticky	Add to cart	No financing, call, or “see in store”	HIGH
FAQ	Phone / email	Good, but duplicated	LOW
Footer	Phone only	No map, hours, or review stars	HIGH

Add sitewide: sticky mobile **Call 803-500-0101 | Get directions**. PDP: Add to cart + Check monthly payment + See it in our Columbia showroom. Cart: Shop Pay + Apply for Synchrony + estimated delivery.

PROMOTIONS / OFFERS

There is no current merchandising offer: no sale event, delivery threshold, 0% term, mattress promo, or weekend event. Furniture conversion is offer-driven. Ashley, Rooms To Go, and Havertys always have a reason to buy this week.

- HIGH** Free local delivery (Richland / Lexington County) over \$999 or \$1,499
- HIGH** Synchrony: 0% for 6/12 months on \$999+ (only advertise terms you actually have)
- MEDIUM** Mattress bundle: free foundation or free local delivery with Sealy/Tempur
- MEDIUM** Showroom-only extra % off in-stock floor samples
- MEDIUM** Youth/bunk week — you have 217 bunk beds, a real assortment advantage

TRUST BADGES, REVIEWS, NAVIGATION

Footer badges are generic. Display payment logos you already accept, Synchrony, authorized Sealy/Tempur marks if true, Google rating, white-glove delivery, and warranty. Do not keep unverified “Loved by Customers” quotes as primary social proof.

What works: room-based mega menu. **What is broken:** “Dinning” typo; youth handles like dresser - 1233, mirror - 1 - old; two FAQ blocks covering the same questions; brand FAQ pasted twice; Luxury Bedroom has 0 products; living merchandising shows sofa tables next to sofas; prices render as \$3,112.50 /; empty /collections/all.

3.2 Customer journey

KNOWS THE ROOM Fair. Homepage → Living → Sofas can work.	HAS A SPECIFIC NEED Poor. Search, filters, and tagging fail them.	WANTS TO VISIT Very poor. Store is almost invisible.
---	--	---

Unhappy paths that are more common than the happy path:

- Search “sofa” → **1,000 results** (Shopify cap), including irrelevant items
- Sofas collection includes sofa **tables** because products are tagged Sofa
- /collections/all → “0 products / No products found”
- Bed Frames and Luxury Bedroom → 0 products
- Contact → placeholder copy, no address, map, or hours
- Want dimensions / fabric / delivery price → not on the PDP → bounce

CATEGORY STRUCTURE — 123 COLLECTIONS

Issue	Examples	Why it hurts
Empty collections	All (0), Bed Frames, Luxury Bedroom, Stationary Sets, Chairs (Copy)	Dead ends, wasted crawl, bad ad landers
Duplicate titles	Benches, Chairs, Desks, Home Decor (2 each)	Split ranking, confused merchandising
Leftover “Copy”	chairs-copy, counter-ht-table-copy, living-room-set-copy	Looks unfinished; duplicate URLs
Dirty handles	dresser-1233, mirror-1-old, nightstand-old, dalyn-impact	Internal debt; poor SEO URLs
Tag contamination	Sofas includes Zander / Zasir / Uchenna Sofa Tables	Shoppers lose trust in category quality
SEO empty	122/123 collections have no description; 73 have no image	Cannot rank “leather sofas” or local variants
Oversized catch-alls	All Products 6,628 · Upholstery 1,792 · Contemporary 1,355 · Chairs 959	Unshoppable without serious filters

Target architecture

Living Room — Sofas · Sectionals · Loveseats · Recliners · Chairs · Occasional Tables · TV Consoles

Bedroom — Sets · Beds by size · Dressers · Nightstands · Chests · Mattresses

Dining — Sets by piece count · Tables · Chairs · Counter Height · Bar

Youth — Bunk Beds · Kids Beds · Daybeds · Dressers · Desks

Outdoor · Office · Home Decor · Lighting · Sale / In-Stock

Shop by style only if tagged accurately: Modern · Traditional · Glam · Farmhouse

Unpublish every empty, copy, and duplicate collection this month. Treat room landing pages as SEO + merchandising hubs, not pretty headers. Several (dining, living, outdoor, youth, financing) are empty or theme-only in the CMS.

SEARCH, DISCOVERY, MOBILE

Predictive search returns products, but titles look like SANDBACH - Sofa - FM6013LG-SF-M. Filters are Availability + Price only. Missing: color, material, seating capacity, bed size, style, brand, in-stock for pickup. Configure Shopify Search & Discovery (or Algolia) with synonyms (couch/sofa), hide sofa tables from sofa search, and boost in-stock items with dimensions and reviews.

Discovery modules furniture sites live on are missing: “Complete the set” is hardcoded “No related products available.” Recently viewed shows theme placeholder copy. No customers-also-bought, no “on our Columbia floor,” no shop-the-look. Compare exists — keep it, but it is not a discovery engine.

Mobile: hero + announcement consume the first screen with no offer or store CTA. Sticky ATC exists but omits financing/call. Click-to-call is not treated as a primary conversion, though many furniture tickets still close on the phone.

FRICTION LIKELY REDUCING CONVERSIONS

1. Unknown shipping cost on expensive items
2. No dimensions / “will it fit” guidance
3. SKU-heavy titles that do not match how people search
4. 2-day return window + restocking fee
5. Hours and delivery-time contradictions
6. Financing appears in-store-only after approval
7. Empty related products / placeholders
8. Contact page looks unfinished
9. No local pickup path
0. Reviews cannot be verified
1. /collections/all zero-product dead end
2. Mattress homepage range (\$899–\$1,399) does not match PDP default (\$999 Queen on Paterson II)

3.3 Product page CRO

Representative PDPs reviewed: **Safi Sofa LV00216** (\$2,350, ACME) and **Paterson II Tight Top Ultra Firm** (Sealy).

IMAGES

Typical ACME items have 4–10 images — enough quantity, not enough selling. Missing versus converting furniture sites: lifestyle photography, scale reference, fabric close-ups, dimension overlays, video, floor-sample photos, and an “On display now” badge. Mattress pages are closer to usable because Sealy provides marketing copy. Upholstery pages look like a dealer portal.

MEDIUM **90-day photo plan:** shoot 20 showroom vignettes and attach them to matching SKUs. Even 50 SKUs with real photos will outperform 6,000 white-background SKUs in ads and on-site conversion.

DESCRIPTIONS & PRICING

HIGH Safi Sofa description, in full: “Foam Density: D28.” That is also the meta description Google will show.

Other ACME examples are wholesale spec dumps (“Kd Legs”, “Table Top Thickness: 18mm”). These do not sell and fail SEO. Template for every hero SKU: 2-sentence shopper intro; spec table (W × D × H, seat height/depth, weight, materials, color, assembly); “fits a ___ room”; care/warranty; delivery method; financing line; “See this collection at 3010 Two Notch Road.” Do not put the SKU in the H1. Use **Safi Leather Sofa** and keep LV00216 as SKU/MPN.

- Many prices end in **.50** (\$3,112.50, \$822.50). Round hero SKUs to \$X9 or \$X99.
- Set cards show \$150.00 – \$1,617.00 (e.g. FARSUND 4-pc). Show “Starting at” with the complete-set price emphasized.
- No monthly-payment display next to a \$2,350 sofa. That is mandatory.
- Only show compare-at when true — do not fake MAP violations.

FINANCING, REVIEWS, DELIVERY, ADD-TO-CART

The Financing page says approved customers receive a temporary account number they can **use to shop in-store**. Online shoppers who pre-qualify are told to drive to Columbia. If Synchrony can be used online, put it on the PDP. If not, use Shop Pay Installments / PayPal Pay in 4 online and Synchrony as the showroom closer — and say so.

No Judge.me / Stamped / Loox / Yotpo / Okendo detected. Product schema has no aggregateRating. Furniture conversion without reviews is possible in a showroom and very hard online at \$1,000–\$4,000. Install a review app and auto-request 10–14 days after delivery. Never buy fake reviews.

PDP line today: **“Shipping calculated at checkout.”** For furniture, that sentence is a bounce. You already have a fuller story on /pages/shipping-policy (white glove vs LTL vs parcel). A second policy at /policies/shipping-policy does not mention white glove. Two policies, two timelines (FAQ 3–7 days vs policy 7–14). Put a delivery module on every PDP: local white glove, statewide SC, national freight, measure-your-space, adult must be present.

Hide quantity and “Default Title” when there is one option. Fix mattress label **“Size.”** Add inventory honesty (ships 3–7 days vs special order 4–8 weeks). Related products empty means AOV add-ons

never appear.

MISSING PDP ELEMENTS

HIGH

Dimensions + fit guide; ZIP delivery estimator; monthly payment; reviews; related / complete-the-set.

MEDIUM

“On display in Columbia” badge; warranty + damage window (FAQ 48 hours vs policy “as soon as possible” — pick one); fabric/color disclaimer; protection plan if you sell one.

LOW

Video or showroom photo; breadcrumbs that match room IA; leftover theme-string removal (bundled with hygiene).

3.4 Checkout & conversion

Shopify checkout (Shop Pay, Apple Pay, Google Pay) is usually fine. The leaks are before checkout and in the policies next to it.

- Shipping cost and method appear too late
- No pickup-in-store option (huge for a Two Notch showroom)
- Financing is not a checkout payment method based on Financing page copy
- Cart is generic — weak trust stack
- High-ticket carts feel like fashion checkout, not furniture (no access questions / appointment)

LIKELY ABANDONMENT REASONS ON THIS SITE

1. Freight shock at checkout
2. “Can I return this?” → 2 days + 15–20% restocking
3. Leather / size unanswered
4. Unsure if the store is real
5. Want to finance and cannot finish online
6. Delivery date unknown
7. Mattress non-returnable with no trial
8. Phone hours conflict; Sunday closed and not obvious
9. Need spouse approval — no email/SMS reminder (no Klaviyo detected)
0. Ashley/RTG show monthly price and free delivery thresholds

Industry furniture abandonment is already 70–85%. This site adds extra, avoidable reasons.

HIGH

Terms still say customers visit **BigCityFurniture.com** — wrong domain. Live domain is bigcityfurniturestore.com. Return window is far outside US furniture norms (typically 14–30 days for stocked items). Align damage policy (FAQ 48 hours vs refund policy). Explain Glory Movement LLC in one line on About so charge descriptors do not scare people.

Do now: cart ZIP estimate, local pickup, payment icons, confirmation with delivery window and damage instructions, Klaviyo abandoned cart/checkout. **Owner decisions:** 14-day return request on stocked furniture; mattress trial honesty before add-to-cart; one shipping policy; one hours line including Sunday Closed.

Local SEO & Google Business Profile

Columbia is a competitive furniture market. You will not out-brand Ashley on “furniture store Columbia SC” in 30 days. You can win Two Notch / Northeast Columbia / Forest Acres / Dentsville and long tails such as bunk beds, Tempur-Pedic, and financing.

Local competitors within a short drive

- **Ashley** — Harbison (recently renovated ~44,000 sq ft + outlet + sleep shop), Forest Drive, Forum Drive
- **Rooms To Go** — Harbison and Forum Drive
- **Havertys** — Harbison / Columbiana
- **Kimbrell's** — West Columbia, in-house financing
- **RM Storehouse** — Broad River Rd, local-curated positioning
- **Furniture Barn, Wes Bolick Bedrooms, Casual Living, Buddy's, Atlantic Bedding** — including others on Two Notch Road

Why the site cannot rank locally yet

- Homepage title: “Big City Furniture” — no city, no category
- Homepage meta description: **missing**
- OG description: “Big City Furniture”
- Schema: Organization + WebSite only — **no LocalBusiness / FurnitureStore**
- Address is on About and policies, not in the footer or homepage H1
- No embedded map, parking notes, or “serving Columbia, Lexington, Irmo...”
- Empty blog; citation conflict at 9005 Two Notch Rd #0184

WEBSITE LOCAL FIXES

HIGH	Footer NAP on every page (name, 3010 Two Notch Road, Columbia, SC 29204, 803-500-0101, hours). FurnitureStore JSON-LD with geo, hours, phone, sameAs. Homepage H1 that includes Columbia, SC.
HIGH	Unique store page: /pages/columbia-sc-showroom with photos, map, parking, brands, financing, directions from I-20 / Two Notch / Fort Jackson.
MEDIUM	City/service pages below. Fix domain references and hours. Ask Google to recrawl after NAP is consistent.

Keyword opportunities

Type	Examples
Core	furniture store Columbia SC, furniture stores near me, furniture Columbia SC

Type	Examples
Corridor	furniture store Two Notch Road, furniture Northeast Columbia, furniture Dentsville
Product + city	sofas Columbia SC, sectional sofa Columbia, bedroom sets Columbia SC, dining room sets Columbia, bunk beds Columbia SC, mattress store Columbia SC
Brand + city	Tempur-Pedic Columbia, Sealy mattress Columbia SC, ACME furniture Columbia
Intent	furniture financing Columbia SC, furniture delivery Columbia SC, white glove furniture delivery Columbia
Nearby cities	furniture Lexington SC, furniture Irmo, furniture West Columbia, furniture Blythewood, furniture Elgin SC

National ecommerce keywords (sectional sofa, queen bedroom set, 7-piece dining set, bunk bed with storage) only after titles/feed cleanup. Do not target “cheap furniture” if the assortment is \$800–\$3,000 ACME glam. Match glam / chrome / marble / youth bunks / complete dining sets.

Local landing pages

Create unique 500–800 word pages with real photos, FAQ, product modules, and a map. End each with Get directions and Shop this category.

1. Columbia, SC Furniture Showroom (hub)
2. Sofas & Sectionals in Columbia
3. Bedroom Furniture Columbia SC
4. Mattresses — Sealy & Tempur-Pedic in Columbia
5. Bunk Beds & Youth Furniture (217 bunks — unusual depth)
6. Dining Sets Columbia SC
7. Furniture Financing in Columbia (Synchrony)
8. Furniture Delivery & White Glove — Midlands
9. Lexington, Irmo, West Columbia, Cayce, Forest Acres, Elgin, Blythewood
0. Fort Jackson / PCS incoming families — “furnish your home fast”

Google Business Profile checklist

If the profile is unverified, incomplete, or sitting on the wrong address (9005 vs 3010), this is the highest-ROI local action in the first 14 days. Confirm 3010 Two Notch is the public showroom before submitting documents.

- Primary category: Furniture store. Secondary: Mattress store / Interior store only if accurate
- Hours matching the site, including Sunday Closed; phone 803-500-0101
- Website + financing link; UTM ?utm_source=google&utm_medium=organic&utm_campaign=gbp
- 10+ products with photos and prices; 15+ showroom photos, 5 exterior, 5 team/delivery
- Cover photo: storefront with readable signage

- Weekly Google Posts; seed 8 Q&As (parking, financing, delivery radius, mattress return, Sunday)
- Messaging on, 1-hour reply SLA during store hours
- Citation cleanup: Yelp, Apple Maps, Bing Places, Facebook, BBB, Data Axle, Chamber, FurnitureStoresUSA. Correct the 9005 listing if it is not you

Review generation

You need Google reviews more than on-site testimonials. Process: text a Google review link after delivery/pickup; counter QR; ask only when the customer is happy; never pay for stars. Goal: **8–12 new Google reviews per month** until 50, then 4+/month. Reply in 48 hours. Klaviyo Day 10 review request; Day 45 accessories.

Competitor openings

Competitor	Their strength	Your opening
Ashley Harbison	Scale, renovation, mattress wall, ads	Personal help, youth/bunk depth, independent feel
Rooms To Go	Packages, financing, TV ads	ACME glam / marble chrome looks RTG does not own
Havertys	Quality perception, design help	Price ladder below Havertys with complete-room merchandising
Kimbrell’s	In-house / no-credit financing	If Synchrony declines, you lose this shopper — consider a second lender
RM Storehouse	Curated local brand	Assortment breadth and mattress brands
Two Notch independents	Convenience	Become the Two Notch destination with GBP photos + “on display today”

Military / Fort Jackson: PCS landing page and GBP posts around move-in season. National chains are slow; a local store that can deliver this week wins.

Google Ads strategy

HIGH Do not turn on a full-catalog Shopping campaign tomorrow. The feed would advertise titles like *Chateau De Ville Sofa W/5 Pillows (Same LV01588) 58265* with description *Foam Density: D28*. That burns budget and can trigger Merchant Center issues.

High-intent keywords (phased)

PHASE 1 — LOCAL, 25–35 MILES AROUND COLUMBIA **HIGH**

- furniture store Columbia SC
- sofa store Columbia SC / sectional sofa Columbia
- mattress store Columbia SC / Tempur-Pedic Columbia / Sealy Columbia
- bedroom furniture Columbia SC · dining room sets Columbia SC · bunk beds Columbia SC
- furniture financing Columbia SC · [brand] furniture near me

PHASE 2 — ECOMMERCE, ONLY CLEANED SKUS **MEDIUM**

- leather / velvet / power reclining sofa
- queen or 4-piece bedroom set · 7-piece or counter-height dining set
- twin bunk bed with storage · outdoor conversation set

Always-on brand: big city furniture, big city furniture Columbia, big city furniture store. **Negatives:** jobs, hiring, DIY, used, craigslist, rental, rent-to-own (unless wanted), wholesale, free, “how to build,” office cubicles, commercial office furniture.

Campaign structure

- Brand Search
- Local Search — Store visits (call + directions + “Columbia showroom”)
- Local Search — Product categories (Sofas, Bedroom, Dining, Mattress, Youth)
- Shopping — Priority SKUs only (first 150–300 cleaned products)
- Performance Max — after 30+ conversions / month, feed approved
- Remarketing Display / Demand Gen — site visitors 30–90 days
- Competitor conquest (optional, small): Ashley Columbia, Rooms To Go Columbia

Use location bid modifiers for Columbia, Lexington, Irmo, West Columbia, Blythewood. Exclude far-away traffic you cannot profitably freight.

Shopping ads — Merchant Center before spend

- Title formula: Brand + Product Type + Material/Color + Size → *ACME Safi Leather Sofa – Dark Brown*
- Description: 500–1,000 unique characters, not foam-density only
- GTIN if provided; otherwise MPN = SKU. identifier_exists = false only when true

- product_type: Furniture > Living Room > Sofas
- Custom labels: margin_high, in_stock_showroom, mattress, youth, price_bucket
- Exclude empty image, no dimensions, duplicate copies, nonsense variant ranges until fixed
- Price must match the PDP exactly

Start Shopping on mattresses, bunks, complete dining sets, and 50 showroom sofas — not 6,628 SKUs.

Remarketing & tracking

Furniture cycles are 7–45 days. Lists: all visitors, PDP viewers, cart, checkout, purchasers (exclude 180 days). Creative: the exact product + financing + free local delivery. YouTube/Demand Gen: showroom walkthrough, even iPhone footage. Without Klaviyo + Google tag events, this cannot run properly.

Event	Why
purchase (value, tax, shipping)	Primary ecommerce
begin_checkout	Funnel
add_to_cart	Optimization (secondary)
generate_lead	Financing application, contact form
phone_call	Store is phone-heavy — a \$3,000 sofa often closes on 803-500-0101
directions / GBP actions	Import GBP metrics
view_item with item_category	Feed PMax later

Set primary conversion for local campaigns to calls + direction clicks + purchases, not add-to-cart. Call tracking is non-optional.

Budget allocation (starting point)

Test budget in the **\$3,000–\$6,000 / month** range; adjust to comfort. If the showroom is the profit center, skew harder to local search + GBP until online conversion is measured.

Campaign	Share	Role
Local Search (categories + store)	35%	Visits + calls
Shopping (cleaned SKUs)	25%	Ecommerce
Brand	10%	Defend name
Remarketing	15%	Close long cycles
Experiment (PMax or Demand Gen)	15%	Only after tracking is clean

Furniture CPCs often run \$1.50–\$8+ on generic sofas/mattresses. Bid to CPA against true AOV (likely \$800–\$2,500).

Meta Ads strategy

Official profiles already in schema: facebook.com/bigcityfurniturestore and instagram.com/bigcityfurniturestore. Post showroom and delivery content, not only catalog PNGs.

Campaign ideas

1. **HIGH** Local awareness / traffic — “Visit our Two Notch showroom this weekend.”
2. **MEDIUM** Catalog sales — Advantage+ Shopping or catalog retargeting on cleaned SKUs
3. **HIGH** Lead gen — Synchrony pre-qualify / get your monthly payment
4. **MEDIUM** Mattress — Sealy/Tempur education + local delivery
5. **MEDIUM** Life-event — new home / PCS / first-apartment youth bundles
6. **LOW** Room makeover UGC — customer photos or staff Reels walking the floor

Audience targeting

Geo: 15–25 miles around Columbia first (29204, 29223, 29229, 29212, 29072, 29063, 29169, 29016, 29045). Prospecting: home furnishings, interior design, moving, real estate, parenting, homeowners 25–54. Advantage+ broad often beats stacked interests — but only with a working pixel and 50+ weekly events. Until then, keep geo tight. Exclude recent buyers (180 days) and job seekers. Lookalikes once you have 200+ purchase events.

Creative

What will not work: ACME white-background carousel of 20 sofas with SKU titles. What will:

- iPhone Reel: walk in the front door on Two Notch, sit on 3 sofas, end on financing
- Before/after of a Columbia living room
- “\$2,350 sofa · from \$X/month” overlay
- White-glove delivery timelapse; mattress lie-down; bunk-bed kids room
- Staff expert: “3 sofas under \$1,200 in the showroom today”
- UGC-style: “We drove from Lexington...”

Shoot 10 assets in one morning at the store. That content also feeds GBP and the homepage.

Retargeting funnel

Day 0–3 Viewed PDP → that product + Shop Pay / “still in stock”

Day 3–14 Viewed 2+ pages → category + financing

Day 7–21 Added to cart → shipping/delivery reassurance + code only if needed

Day 14–45 Viewed showroom page but no visit → directions / this weekend hours

Purchasers → complementary items (pillows, nightstands) at 21–45 days

Frequency-cap remarketing so you do not stalk people with a \$3,000 sofa for 90 days.

Offers that work for furniture customers

- Free local delivery over a threshold
- 0% for X months (legal-compliant Synchrony terms only)
- Floor-sample weekend — unique to the physical store; national sites cannot copy this
- Mattress: free foundation or old-mattress removal
- Dining: table + 6 chairs packaged price · Youth: bunk + mattress bundle
- “Hold with \$X deposit” for shoppers who need spouse approval

Avoid sitewide 40% off on a catalog that already has .50 pricing — it trains discount seeking and can break MAP on Sealy/Tempur.

Competitor & market opportunities

Capability	Wayfair / Article / Living Spaces	Ashley / RTG	Big City today
Lifestyle photography	Strong	Strong	Catalog only
Filters	Strong	Strong	Price / availability
Delivery promise on PDP	Strong	Strong	"Calculated at checkout"
Reviews on product	Strong	Strong	None
Room packages	Strong	Core business	Broken related products
Financing as \$/mo	Common	Core	Hidden on financing page
Local pickup	N/A or limited	Yes	Not surfaced
Store pages / GBP	N/A	Excellent	Weak
SEO landing pages	Thousands	Store pages	Thin / empty
Email / SMS	Mature	Mature	No Klaviyo detected
Return policy	Clear, often 30 days	Clear	2 days + restocking
Title hygiene	Shopper language	Shopper language	SKU + vendor code

Advantages you can actually own

1. **Showroom on Two Notch** — sit, feel fabric, take it home or schedule white glove. Wayfair cannot do this.
2. **Assortment depth** — 6,628 SKUs, 217 bunks, 627 dining sets, Sealy + Tempur.
3. **Glam / marble / chrome ACME looks** that national "mid-century beige" brands under-serve in Columbia.
4. **Independence** — design help without Harbison mall energy, if you staff it that way.
5. **Military / Midlands delivery** — faster than national freight for local ZIPs.

12-month brand idea: "The Two Notch furniture showroom with the big catalog — try it in Columbia, finance it today, deliver it right."

150 hero SKUs merchandised like a DTC brand. The rest of the catalog available but not dumped on the homepage. Inventory flags: On display / Ship from warehouse / Special order. Ads send nearby shoppers to the store and distant shoppers to cleaned PDPs only.

90-day action plan

Quick wins are mostly Shopify admin, copy, and GBP. No theme rebuild required for the first month.

Quick wins — 0–30 days

TRUST AND HYGIENE

HIGH

1–2. Rewrite Contact; remove Shopify placeholder; add map, hours, address, click-to-call. Fix About Us copy and repeating email/phone blocks.

HIGH

3–5. Fix Dining → Dining and Size → Size. Remove “Describe your recently viewed products here.” Replace unverified homepage testimonials with Google rating if available.

HIGH

6–8. One hours policy everywhere. Fix Terms domain to bigcityfurniturestore.com. Footer NAP + payment icons + Synchrony + “Serving Columbia, SC since [year].”

IA / SEO

HIGH

9–12. Point All products to /collections/all-products (6,628 items). Unpublish /collections/all and empty/Copy collections. Homepage title/meta with Columbia + category. FurnitureStore schema.

MEDIUM

13. Write 150-word descriptions for the top 15 collections (Sofas, Sectionals, Bedroom, Dining Sets, Mattresses, Bunk Beds, etc.).

CONVERSION

HIGH

14–18. PDP module: dimensions for top 100 SKUs, delivery explainer, financing CTA. Hide quantity / Default Title. Related products. Real announcement-bar offer. Cart ZIP estimate + call link.

HIGH

19–20. Enable local pickup if inventory allows. Install Klaviyo (or Shopify Email) + Google/Meta pixels (purchase, ATC, begin_checkout, call click).

LOCAL

HIGH

21–25. Claim/verify GBP at the correct address. Upload 20 showroom photos. Review QR + post-purchase text. Reply to reviews; seed Q&A. NAP citations; flag 9005 Two Notch if inaccurate.

Medium-term — 30–90 days

HIGH

26–28. Retag sofas vs sofa tables. Search & Discovery filters (size, color, material, brand, style, in-stock). Hero catalog of 150 SKUs: human titles, 150+ word copy, spec tables, rounded prices.

MEDIUM

29–34. 20-vignette photo shoot. Room landing pages. Single shipping policy + ZIP delivery. Review app. Return policy you can defend in ads. Honest financing split + monthly price on PDPs.

MEDIUM

35–39. Merchant Center feed for 150–300 SKUs; launch Shopping + local search. Meta catalog + local Reels at \$30–50/day. Staff review playbook. Mattress PDP price alignment. Call tracking numbers for Ads vs Organic vs GBP.

Long-term — 90 days+

LOW

40–44. Two storefronts in one: local mode (showroom, pickup, white glove, financing, mattresses) and national mode (only SKUs with freight economics, dimensions, photos). 50+ SEO pages. Email/SMS lifecycle. Weekly floor-walk Reels. Inventory badges for long-lead orders.

LOW

45–50. Trade/staging program. Second lender if Synchrony declines are high. 100+ Google reviews at 4.6★+. PMax/national Shopping only after local CPA is stable. 3D/AR after photography. Midlands expansion (Lexington, Irmo, Sumter, Orangeburg) before a national brand play.

90-day KPI scorecard

KPI	Why it matters	Direction
GBP views, calls, direction clicks	Local store growth	Up
Google review count / rating	Local pack	50+ reviews
Homepage → collection CTR	Hero/nav clarity	Up
Search exit rate / zero-result searches	IA and search	Down
PDP add-to-cart on hero 150 SKUs	PDP quality	Up
Checkout start → purchase	Shipping/policy friction	Up
Average order value	Related products + financing	Up
% of orders with shipping shown before checkout	Transparency	100%
Phone calls from site + ads	Furniture closing path	Tracked
Google Ads CPA (local) vs showroom close rate	Paid efficiency	Measure, then scale

KPI	Why it matters	Direction
Email captured	Remarketing	List growth
Refund / chargeback rate	Policy + description accuracy	Watch as returns loosen

Shopify implementation order

1. Contact + About + placeholder removal
 2. Footer NAP + LocalBusiness schema + homepage SEO fields
 3. Unpublish bad collections; fix All
 4. PDP template: specs, delivery, financing, hide Default Title
 5. Related products + recently viewed
 6. Cart ZIP / pickup
 7. Search & Discovery filters
 8. Pixel + Klaviyo
 9. Merchant Center feed columns (title, description, MPN, product_type, custom labels)
- Photography, GBP, reviews, and policy decisions need the store owner — they cannot be theme-only.

Appendix A — Pages audited

- / homepage
- /pages/about-us, /pages/about-us-1 (empty duplicate)
- /pages/contact (placeholder)
- /pages/financing · /pages/bedroom · /pages/living · /pages/shipping-policy
- /policies/shipping-policy · /policies/refund-policy · /pages/terms-and-conditions
- /collections/all (0 products) · /collections/all-products (~6,628) · /collections/sofa (263, contaminated with tables)
- /products/safi-sofa-lv00216 · /products/paterson-ii-tight-top-ultra-firm
- /search?q=sofa (1,000 results) · /blogs/news (empty)
- robots.txt / sitemap.xml (11 child sitemaps; ~6,625 product URLs)

Appendix B — Collection debt to unpublish

Empty: All, Bed Frames, Chairs (Copy), Luxury Bedroom, Stationary Sets. Copy leftovers: chairs-copy, counter-ht-table-copy, living-room-set-copy. Duplicate titles: Benches, Chairs, Desks, Home Decor. Dirty URLs: dresser-1233, mirror-1-old, nightstand-old, dalyn-impact.

This audit is based on the public website, Shopify storefront JSON, on-page schema, and publicly available local-market information as of August 14, 2026. It does not include Shopify admin analytics, Merchant Center diagnostics, or GBP backend access. Connecting GA4, Ads, and GBP would refine budget and priority inside the same plan. Prepared as a client-facing growth audit for Big City Furniture.
